Reference cells and ploidy in the comet assay

by Brunborg, G., Collins, A., Graupner, A., Gutzkow, K. B., and Olsen, A.-K. (2015). *Front. Genet.* 6:61. doi: 10.3389/fgene.2015.00061

There is an error in the Acknowledgments, as published, as funding from Research Council of Norway, through its Centres of Excellence funding scheme, was omitted. The correct Acknowledgment appears below. The authors apologize for this error, which does not affect the scientific conclusions of the article in any way.

ACKNOWLEDGMENTS

This work was financed by The European Commission via the project Comet assay and cell array for fast and efficient genotoxicity testing (COMICS; contract no. LSHB-CT-2006-037575), and by the Research Council of Norway through its Centres of Excellence funding scheme, project number 223268/F50 (CERAD, Centre for Environmental Radioactivity).

Conflict of Interest Statement: The authors declare that the research was conducted in the absence of any commercial or financial relationships that could be construed as a potential conflict of interest.
